TIMEKEEPING RESPONSIBILITIES – It is an expectation that a parent is present and available for timekeeping duties at any time within the duration of their child's attendance at any meet, including Club Meets. While every effort is made to align timekeeping with the time your child is swimming, this is not always possible, especially for first and last slots of the day. If you are unable to fill your allotted slot, please make EVERY EFFORT to arrange a swap with another parent. In extenuating circumstances such as illness or where you don't have contact details for another parent to arrange a swap, please contact our registrar Hayley – however please make every effort to arrange a change yourself before contacting Hayley.
